

HARDSCAPE COLLECTIONS

MANUFACTURED BY

LEE BUILDING PRODUCTS®

SINCE 1963

EXCEPTIONAL PEOPLE. UNWAVERING COMMITMENT. QUALITY PRODUCTS.

Founded in 1963 in Frankfort, Kentucky, Lee Nash Masonry Products began as a partnership between friends Ray Lee and Tommy Nash. In the early 1970s, Ray Lee acquired Nash's share of the business, and in 1975 the company officially became LEE Masonry Products. During the 1990s, the name evolved once again to LEE Brick & Block, reflecting continued growth and expansion.

Under the leadership and dedication of Ray Lee's five sons, the company continued to grow and strengthen the foundation it was built upon. Today, LEE Building Products, Inc. has grown into a multi-state operation with more than 25 locations and over 400 employees serving Indiana, Kentucky, and Tennessee.

In 2026, LEE Building Products welcomed South Alabama Brick Company (SABCO) and its family of brands, expanding our foot-print into Alabama, Florida, Georgia, and Mississippi. Building upon SABCO's longstanding legacy as one of the Southeast's leading brick distributors, this addition brings together Capital Brick Company, Magnolia Clay Products, North Bay Brick Company, Premiere Tile Group, Riley-Stuart Supply Company, Whatley Supply Company, and W.R. Taylor & Company. Together, we offer a broader selection of brick, stone, tile, masonry supplies, and outdoor living products from leading manufacturers across the U.S., supported by the trusted local teams and relationships customers know.

A HOUCHENS INDUSTRIES COMPANY

In 2006, LEE Building Products® became a 100% employee-owned company. In 2021, the organization joined Houchens Industries, Inc., a corporation founded in 1917 in Glasgow, Kentucky by Ervin G. Houchens as Houchens Foods. More than a century later, Houchens Industries is recognized as one of the most diversified and largest 100% employee-owned (ESOP) companies in the United States.

Houchens currently owns over 14 operating companies in various in-dustries including retail, manufacturing, construction, and insurance. In addition, Houchens and our affiliates generate an annual revenue of more than $4B. For over 30 years, it has been employee-owned through an ESOP and currently have over 19,000 ESOP participants.

WHAT WE DO

LEE Building Products® manufactures, sells, and distributes a comprehensive portfolio of masonry and building products for industrial, commercial, residential and landscaping applications. Our offerings include structural and architectural concrete masonry units, a wide range of clay brick, hardscapes such as pavers, retaining walls, fire pits, natural and manufactured stone. We also supply our own private label turf, masonry and hardscape accessories, and landscape lighting.

OUR PROMISE

Our promise is simple: to provide superior service and deliver the highest-quality products in the marketplace. We are committed to meeting the needs of our customers, vendors, and employees by building trusted relationships grounded in loyalty, dedication, and integrity. Through continuous investment in our people, production facilities, and equipment, we strive to deliver exceptional service while meeting and exceeding industry standards every day.

Our goal is to consistently deliver quality products, uphold industry standards, and foster lasting partnerships built on trust for generations to come.

MISSION STATEMENT

At LEE Building Products Integrity is the foundation of everything we do. Our efforts are Focused on our Customer as we strive to understand their needs and exceed their expectations. We take pride in our Ownership of the company and are empowered to pursue Innovation to develop solutions that drive our industry forward. We are United in our commitment to each other and our mission, and we embrace every challenge in an unwavering pursuit of excellence.

CORE VALUES

Integrity: We will do the right thing, even when it's difficult. This is our first value as it is the most important. Integrity outweighs economics.

Customer Focused: We are dedicated to our customers' needs and best interests as we strive to be their first choice and exceed their expectations.

Ownership: We take pride in the company we own by Empowering our Strongest asset–Our People.

Innovation: We are committed to pursuing and developing innovative solutions to fulfill the needs of our customers and of the industry.

Unity: We work as one with shared goals, purpose, hope, and vision.

HARDSCAPE COLLECTIONS

BELVEDERE

WALLS UNDER 8"

BELVEDERE RETAINING WALL SYSTEM & COLUMN CAP

Whether you aspire for an English country garden or a suburban landscape, Belvedere has you covered. The Belvedere wall product has a stone texture on front and back, resembling natural-cut fieldstone. Use Belvedere for walls, columns, steps, water features, freestanding or retaining walls. Top off your column project with the Belvedere column cap which coordinates perfectly with the wall units and gives them that finishing touch.

AVAILABLE IN 3 WALL UNIT SIZES FOR THE 3" (LxDxH):

KODAH

WALLS UNDER 8"

KODAH RETAINING WALL SYSTEM

When you're looking to make a bold first impression with your landscaping, the Kodah Retaining Wall System is up to the task. The double-sided Kodah wall units can be used as freestanding, retaining, or garden walls and provides an eye catching backdrop for your backyard or small commercial project. The subtle character and modern, clean lines of snapped limestone take center stage while your backyard time with family and friends becomes more visually appealing and a relaxing space to gather.

GRAND LEDGE

WALLS OVER 8"

GRAND LEDGE RETAINING WALL SYSTEM

The Grand Ledge retaining wall system is a wet cast concrete product that has an appearance of a mega-sized Rosetta Kodah wall product. Calculated setbacks for this snapped limestone looking product makes for easier installation and engineer approval. Available in this wall system are the retaining wall units (24 unique textures), cap and corner units. The winning combination of all units makes Grand Ledge an engineerable wall system with capabilities of 5-6 foot gravity walls with optimal site conditions. Create a clean, crisp lined wall on a long straight run or with subtle curves at your home or business today—this wall will surely have people doing a double take!

OUTCROPPING

WALLS OVER 8"

OUTCROPPING RETAINING WALL SYSTEM

Do you want to make a HUGE impact on your home or business? Install the Rosetta Outcropping product and you are sure to please while wowing the eye. Outcropping is an engineered, interlocking unit that is made of wet cast concrete, yet looks like natural stone. Consistent dimensions create fast installation and its quality materials equal long term durability. There are a wealth of technical resources such as an installation manual, preliminary height guides, wall layout app, and more. To get started designing and installing Outcropping, contact your local Lee Building Products. See the accompanying charts for pallets A, B and C information.

MAGNUMSTONE

WALLS OVER 8"

MAGNUMSTONE BIG BLOCK RETAINING WALL SYSTEMS

Using a tongue-and-groove system with its Gravity Retaining Wall Extenders, MagnumStone meets and exceeds the needs of engineers. This big block wall system consists of units that are made from high strength, wet cast concrete. These units provide durability and resistance to weathering and provides a hollow core, making it easier to saw cut. Also available with this system are the 2' and 4' extenders which can be used in any combination of standard lengths. Use on residential or commercial projects—anything from an interstate welcome sign to huge retaining walls for roadways to smaller walls for homes or businesses. MagnumStone big block walls are your answer for it all, plus the engineering behind this system is next to none!

A

BELVEDERE

The round Belvedere fire pit kit balances modern convenience with a rustic appearance. Manufactured of wet cast concrete, the textured look and feel on the units and caps replicate weathered fieldstone. After installing the ring and rounded wall structure, use the included caps to create a finished look for the whole family to circle around.
